

# MAJESTA

PART ONE OF THE DREAMA CHRONICLES

## PRESS PACK

### ABOUT AUTHOR

Natalie graduated from Rhodes University in Grahamstown South Africa in 2004. She obtained a Bachelor of Arts Degree, majoring in Drama and Classical Civilizations. Afterward she attended AFDA (Africa Film Dramatic Arts) in Cape Town and received an honours degree in 2005. She is the Founder and Director of Inkosikazi Productions, which is in the development stages of getting a comedy series Natalie wrote, made.

### ABOUT MAJESTA

Dreama is a 16 year old girl whose main ambition in life is to soak up knowledge, and with Majesta being the Holy Grail that it is for scholars; she is absolutely thrilled with her acceptance to the school. Her visions of rewarding academia however are jarringly altered when she is confronted with a truth that she never saw coming. Bit by bit, pieces of her past come to light, and the nature of these revelations leave her questioning everything about who she is. However there is no time to fall apart, even when situations call for it, because something bigger than her school girl reality, is always threatening to consume her.

## GENRE AND ADDITIONAL INFORMATION

Value Proposition: A new narrative that can disrupt the market and has the potential to multiply opportunities in the industry.

Target Market: 15 to 25 years old females (Young Adult)

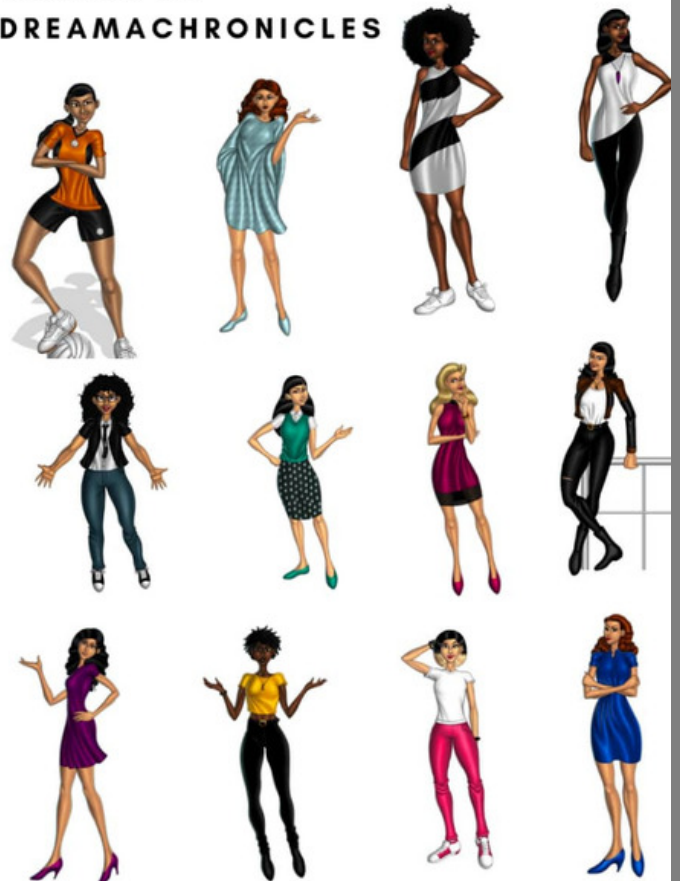

Majesta is in the fantasy genre and is part one of the Dreama Chronicles Trilogy. The second instalment entitled Emperus (the brother school to Majesta) is currently being written.

Majesta is situated in the Eastern Highlands of Zimbabwe, a majestic range of mountains and forests. This setting was chosen because of the beauty and the mystical qualities that permeate the atmosphere in the Eastern Highlands.
